

Native Culture + Math + Science = Success

Be a part of the equation... invest in ANSWER Camp

A program that creates
Alaska's future Science,
Technology, Engineering, and
Math (STEM) professionals!

WHAT IS ANSWER CAMP?

ANSWER Camp (Alaska Native Student Wisdom Enrichment Retreat) combines traditional knowledge with middle school **math and science** applications in

a **hands-on learning** environment that yields real results.

Along with improving student achievement, ANSWER Camp **prepares students** for the **workforce** by linking middle school math and science to real jobs via presentations by **STEM professionals** in Alaska's **high growth industries**.

According to a survey of ANSWER Camp participants, **85%** of students reported that as a result of ANSWER Camp they would like to pursue a career in math and science and explore higher education opportunities.

Since it's inception in 1998, ANSWER Camp has served 1,962 students from 150 communities.

ANSWER Camp is a program of SERRC - Alaska's Educational Resource Center

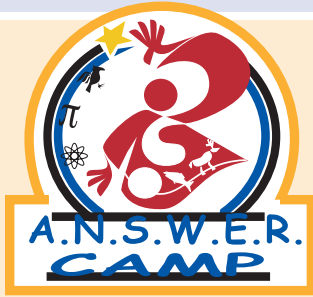

ANCHORAGE 805 W. Third Avenue • Anchorage, AK 99501 • (907) 349-0651
JUNEAU 210 Ferry Way • Juneau, AK 99801 • (907) 586-6806

SERRC - Alaska's Educational Resource Center is a private, non-profit agency that provides educational services to every school district in Alaska via direct student and school and district support services. SERRC has served the state of Alaska by helping educators increase student achievement since 1976.

ANSWER Camp was funded 1998-2009 through a U.S. Department of Education grant.
