The 21st Century Afterschool Program is a proud supporter of early learning and the hard working JNES teachers. Through the 21CCLC grant we are able to provide afterschool learning opportunities that strengthen literacy, social and cooperative skills, physical activities and healthy life choices as well as strengthening the family, school and community connections. We are always looking for ideas for how we can better meet our goals and the needs of our students. Please share your ideas with any of our staff members.

During a typical week your child will participate in:

- 90 minutes of physical and health activities
- 60 minutes of literacy activities both hands on and on the computer
- 45 minutes of snacks and friendship time
- 30 minutes of cultural or social/emotional activities
- 45 minutes of homework time on Tuesday

In order for your child to fully participate in all activities homework help will only take place on Tuesday.
Big Thanks
A BIG 21CCLC thank you to the Assisted Living Center and to Ranger Tyler who have all enriched our afterschool program through positive and meaningful interactions.

Events

Ranger Tyler’s Visit

Who: All 21st CCLC students and families
Purpose: Students will tap into their creative side through art projects followed by a visit with Santa.

No program during Winter Break
December 15-January 2

November and December’s Themes
Our themes for the months of November and December are Knowledge of Family Tree and Respect for Elders.

Elder’s Advice for teaching and practicing Ilisimaliq Ilagiiligmik (Knowledge of Family Tree) and Piqpaksriliq Ililgaanik (Respect for Elders)

- To have family whom you love and who loves you is important to an Inupiaq. Our life is richer if we know who our relatives are and can stay in contact with them.
- Elders promote and encourage family time through family dinners and family gatherings to teach knowledge of family tree

*Taimakna Algaqsruutit 2015 Elder’s Advice Pamphlet

Play and Learn at Home
This holiday season take a moment to celebrate your unique family and traditions.
- Share a special memory or family story with you child.
- Visit the local Senior Center
- Share the meanings behind family traditions.

We would love to hear your thoughts for encouraging respect for others and cooperation.
~ Ms. Kat
